MESSAGE

My warmest greetings to the organizers and participants of the **SDGs ResiliART Festival and Forum for Health Peace and Climate Justice**.

The COVID-19 pandemic has taken much from the people and the whole world. It is thus crucial for organizations and individuals like you to unite in taking the right steps so that no one will be left behind and everyone may fully recover and flourish.

I thus commend the Earthsavers DREAMS Ensemble–UNESCO Artist for Peace and its local and global partners for working together to make this series of events possible. Your initiatives to take a creative yet critical approach in presenting and discussing our sustainable development goals are truly noteworthy. Such efforts are helpful in turning these goals into concrete actions that truly resonate with our people.

This administration is devoted to ensuring that every Filipino will have access to the resources and services they need to thrive, and it supports all endeavors that will help create a sustainable planet for future generations.

Congratulations and I wish you the best in all your endeavors.
